IT MEANS WAR

New York, Feb. 8.—Latest advices state that diplomatic relations between Russia and Japan have actually been broken off, and that Russian and Japanese ministers in the respective countries have been given their passports, and ordered to take their departures.

War is now practically on, though no proclamations or declarations have been issued to that effect. Japan has seized two Russian vessels, and Russia will have to protect its commerce. There has been no encounter between the navies.

A \$250,000,000 FIRE.

Baltimore, Feb. 8.—Fire started early this morning in the wholesale and manufacturing section of the city, and the loss will reach \$130,000,000 to \$150,000,000. The fire department is powerless to stop the conflagration.

Baltimore, Feb. 8.—At 2 p. m. fire is still raging and cannot be controlled. City is in a panic, and is under martial law. Losses are now estimated at \$250,000,000.

Notice, Children.

The Herald is requested to announce that all school children who sell ten tickets to the Enoch Arden library benefit will be presented with a vacation library ticket. All children admitted to the play at half price. This is a splendid offer to the little folks, and no doubt many will work hard to get the free library ticket.

Business Life.

Tyler College of Tyler, Texas, is the only Commercial School of the South or West that devotes 15 minutes at the opening of each day's work to the Moral Training of its students. Moral Training is the balance wheel of life. Parents should consider this when selecting a school for their sons and daughters.
